

## **World Energy Council Work Programme 2008-2010**

### **Global Studies**

Vulnerabilities ..... Dr. Edgard Gnansounou, EPFL

- Human Resources Availability ..... Roger J. Lundmark, Swissnuclear
- Manufacturing Bottlenecks
- Water for Energy
- Logistics Capabilities / Infrastructure

Survey of Energy Resources ..... Max Blatter, Energie-Atlas GmbH

Energy for Mega Cities

Assessment of Energy Policy Best Practices (Projekt) ..... Ged Davis, International Institute for Applied Systems Analysis

### **Global Task Forces**

Interconnectivity ..... Alexander Mondovic, swissgrid

Rules of Energy Trade & Investment ..... Jürg E. Bartlome, Schweiz. Energierat (Beobachter)

### **Technical Committees**

Performance of Generating Plant ..... Thomas Fritschi, Alstom

Energy Efficiency Policies ..... Jean-Christophe Füeg, BFE

Cleaner Fossil Fuels Systems

### **European Task Forces**

Roadmap Towards a Competitive European Energy Market, Including Renewables ..... Niklaus Zepf, Axpo

Emission Trading and Climate Change Policy Beyond 2012 ..... Prof. Eberhard Jochem, CEPE, Dr. Marco Berg, Stiftung Klimarappen

Oil Refining (Europe and North Africa)

Energy and Mobility (Projekt) ..... Competence Center for Energy and Mobility, PSI
